

# Video Distributor & Amplifier

## Video Distributor & Amplifier

### CV-A101

#### 1 Input to 1 Output Video Amplifier

- 1 video input and 1 video output
- 10dB video gain compensation and HF compensation
- Sharpness and brightness adjustable

### CV-D102

#### 1 Input to 2 Outputs Video Distributor

- 1 video input and 2 video outputs
- Dual power support: DC12V/AC24V

### CV-D104

#### 1 Input to 4 Outputs Video Distributor

- 1 video input to 4 video outputs
- Dual power support: DC12V/AC24V

### CV-D108

#### 1 Input to 8 Outputs Video Distributor

- 1 video input to 8 video outputs.

### CV-D116

#### 1 Input to 16 Outputs Video Distributor

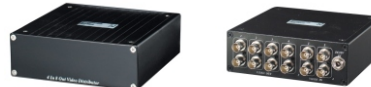

- 1 video input to 16 video outputs

### CV-D408

#### 4 Inputs to 8 Outputs Video Distributor

- 4 video inputs to 8 video outputs

### CV-D816

#### 8 Inputs to 16 Outputs Video Distributor in 1U Rack Mounting Panel

- 8 video inputs and 16 video outputs
- Dual power support: DC12V/AC24V
- AC24V power supply included

### CV-D408A

#### 4 Inputs to 8 Outputs Video Distribution Amplifier

- 4 video inputs to 8 video outputs
- 10dB video gain compensation amplification and HF compensation
- Sharpness and brightness adjustable

### CV-D816A

#### 8 Inputs to 16 Outputs Video Distributor

- 8 video inputs to 16 video outputs
- 10dB video gain compensation amplification and HF compensation
- Sharpness and brightness adjustable

## Twisted Pair Transmission Application
